

# Dear prospective head teacher,

As pupils of Dallas Road Community Primary School we have thought hard about the qualities we would like our new head teacher to possess. Here are some of our thoughts...

Come and see our work and be honest about whether it is good. You do not have to lie to make us feel good, we like to keep improving!

Let us see your personality, be humble and set good standards. Be strict when you need to but kind when walking around.

Have good, fun ideas on how to improve our playground as it is quite small.

Treat everyone equally whether they are children or staff.

**Be helpful, funny and responsible. We want to make sure we feel safe.**

Thank you for your interest in becoming our new head teacher and considering our views. We wish you luck! 😊
