## Our perfect Deputy Head

### What personalities we would like you to have:

Firstly, we would love it if you were very caring and fair to everyone at Northfold. As there are quite a lot of children in school, we would be looking for a great role-model. Could you be the person for this role?

Because the school really loves events we would like you to keep them running and be active in them (one of them is sports day that we do every summer). As we are a school of 210 you would need a lot of confidence to talk in front of us all.

When people walk through the school gates in the morning we would appreciate it if you made them feel welcome. We would also like you to be happy and enthusiastic throughout the school day.

Because all the classes do outdoor learning we would really appreciate it if you love the environment like everyone else does.

To be our Deputy Head we would like you to be a great decision maker and not hold back about saying what is right. All of our teachers are responsible and great with children: they are also enthusiastic and funny at the same time.

We would all love it if you were fearless and not dramatic about things.

Throughout the day we would love it if you were charismatic and just be yourself, as everyone is different, and has different opinions that we always like to share even if some people don't agree.

Head Boy  
Head Girl

"Where children come first"
