ABOUT THE ARTS, PERFORMANCE AND TECHNOLOGIES FACULTY

The Arts, Performance and Technologies (APT) is an ambitious faculty comprising of all the 'Open Bucket' subjects, including Art, PE, Drama, Music, Business, Computing, Design Technology and 3D Design. We have ten full time teachers and one part time teacher. Staff teach across KS3-5 with Art, Business and Computing offered at KS5. Faculty resources are excellent, and we benefit from a new purpose-built music technology and drama room.

Currently, GCSEs are offered in all subjects. Specifically, in drama we plan to offer AQA GCSE Drama. We are proud of our achievements to date, particularly the exceptional results achieved which have enhanced the reputation and popularity of the school. The curriculum plans are robust, and pupils develop a broad range of practical skills and knowledge.

At KS3 students are taught in mixed ability groups. Students generally have one lesson of Drama a week and Art, Music and Computing. PE and DT have 2 lessons a week. We offer a whole range of ambitious and interesting extracurricular opportunities, including drama clubs, end of year performances and opportunities for students to speak at school events.

The appointment of an enthusiastic and ambitious drama teacher is key to continuing the faculty's success and supporting the design and delivery of our ambitious curriculum and extra-curricular programme.

Our teachers are passionate, collaborative, committed and reflective and the faculty is driven by the belief that all pupils can and will achieve. We look forward to appointing a high-calibre and enthusiastic teacher who is driven by the desire to ensure that all young people have access to the highest quality of education, regardless of background. We look forward to receiving your application.
