HARRIS
Primary School

Dear Future Headteacher,

We wanted to tell you a little bit about Harris Primary School and why it is such a special place to us.

Firstly, we are very proud of our welcoming, friendly school and the people in it. Our school is a place where we feel safe, happy and supported to be the best that we can be. We are really good at making new people feel welcome and we make sure that everyone feels included. Our teachers are kind, patient and understanding. If we have a worry, there is always an adult that we can talk to. They listen to us, help us when we find things

tricky and encourage us to try our best. They also make learning fun, exciting and interesting.

There is always something happening at our wonderful School! Recently, our fantastic new library opened this year with lots of brilliant books for us to enjoy. At breaktimes and afterschool, we have a range of clubs that we can take part in, such as coding club, singing club and gardening club. Outside, we have a variety of sports clubs going on, a daily mile track and an outdoor learning area. To enrich our learning, we enjoy going on trips and residential visits where we can learn new things, challenge ourselves and make memories with our friends. Later this term, we are very excited to be taking part in Harris Got Talent and our 'Harris Fest' Summer fair!

Our school values are to be kind, be thankful and be ambitious. These values are at the heart of

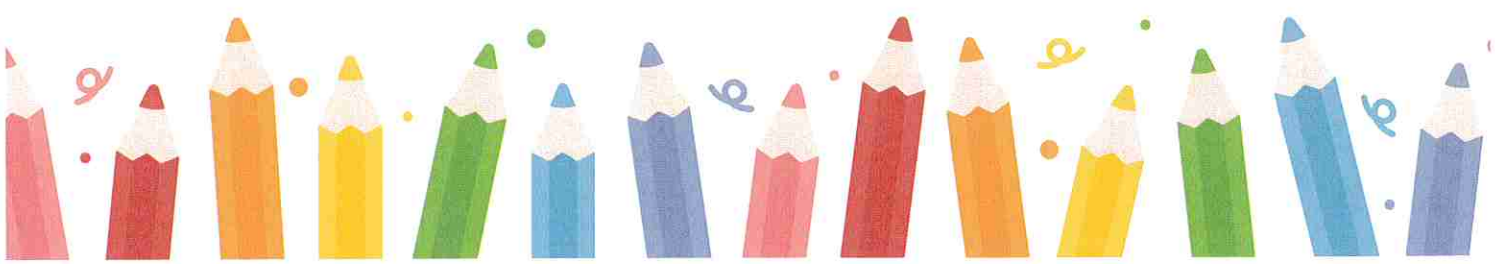
HARRIS
Primary School

everything we do and help us to follow the 'Harris Way'. We celebrate our achievements in many ways. We have Subject ambassadors, green orbs (these are our class points!) and special awards presented every Friday. These Friday awards include Star award, Maths star and Writer of the week.

As we look for our new Headteacher, we have been thinking about qualities that are important for us.

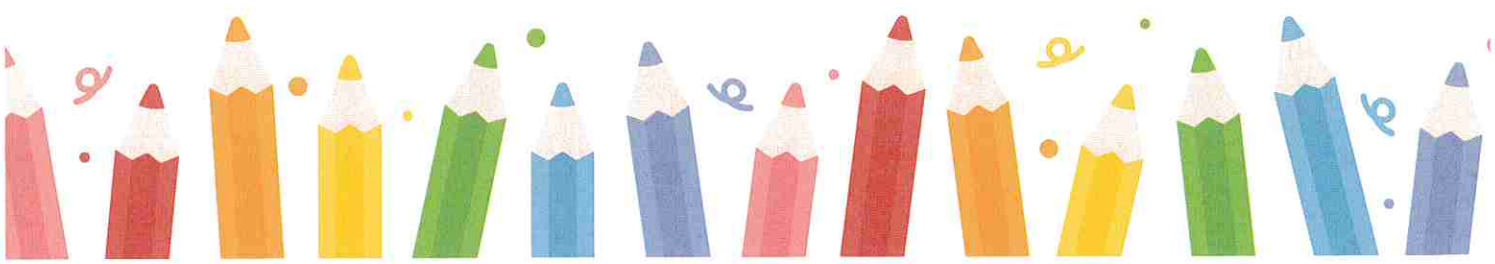
We would like someone who:

- Is the Harris way!
- Has a good sense of humour.
- Joins in with Sports events and fun activities throughout the year.
- Is approachable and will get to know us really well.
- Makes our weekly assemblies fun.
- Believes in us and helps us to believe in ourselves.



HARRIS
Primary School

- Listens to other people's ideas and is fair to everyone.
- Stays calm and helps us solve problems.
- Encourages us to do our best.
- Understands that everyone makes mistakes and can learn from them.
- Celebrates our achievements.
- Most importantly, we want someone who will care about our School as much as we do!

Thank you for taking time to read our letter. We are excited to find out who our new headteacher will be and to hear the ideas that they might bring to make our amazing School even better. We hope to meet you soon!


Yours faithfully,
The School Council
